

Dear Sirs:

I believe it is unfair to over-ride and take radio stations such as K-LOVE off the air because of new broadcasters.

Just when I have become acquainted with and accustomed to K-LOVE's uplifting, positive message, you want to take it away?!

Their music and encouragement can be heard by many, regardless of their age, so many will be affected without it in our community.

Music has the ability to reach some teens who otherwise would not respond to physical intervention in their lives. By removing K-LOVE from the airwaves this avenue of ministry and outreach is closed to many who could benefit and make positive changes in their lives as well as others.

Please consider the number of lives who will be affected if K-LOVE is canceled.

Thank you!

Most sincerely,  
Sherry Harper-Woolf
